Mangaluru, Karnataka, 18 October 2025: Mangaluru International Airport (IXE), managed by Mangaluru International Airport Ltd, delivered a steady performance in the first half of FY 2025-26, recording over 1.24 million passengers between April and September 2025, amidst a challenging global and domestic aviation environment.

The period also recorded the second highest single-day passenger traffic, facilitating 8,103 passengers on 12 April 2025. The airport has since surpassed this mark by handling 8,168 passengers on 1 October 2025. Despite disruptions due to global and regional events, the Airport sustained operational momentum and continued to uphold its role as the second busiest airport in Karnataka.

**Mangaluru International Airport, Mangaluru (IATA: IXE ICAO: VOML)**

Mangaluru International Airport, with a rich history of over 70 years, is spread over 583.77 acres and holds the distinction of being Karnataka's second busiest airport in terms of passenger traffic and managed 2.32 million passengers in FY 2024–25. The airport, which is first in Karnataka to have two runways, including one made of rigid pavement and overlaid with asphalt, currently caters to over 55 Air Traffic Movements (ATMs) every day. With a digital-first approach, the airport delivers a smooth experience for passengers through advanced technology and efficient operations. As an emerging cargo hub, IXE manages air cargo of over 5,600 metric tonnes per annum.

In July 2025, the Airports Council International (ACI) awarded IXE with Level 4 accreditation for customer experience. The accreditation recognises the airport's advanced practices in service design and innovation, governance, and customer understanding. Mangaluru International Airport was the first Indian airport in the 5 million passenger category to achieve the Level 3 milestone.
